The Coalition to Back Black Businesses (CBBB) is a multi-year initiative to support Black small business owners and the communities they serve as they recover from the COVID-19 pandemic and chart a path forward.

American Express established the Coalition to Back Black Businesses in September 2020 with a $10 million commitment to fund a grant program, over four years, to help Black-owned small businesses recover from the disproportionate impacts of COVID-19, in partnership with the U.S. Chamber of Commerce Foundation and the nation’s leading Black chambers. Additional funders have joined the effort to help distribute grants, in addition to long-term mentorship and resources, to support Black small business owners across the country through 2024.
A Snapshot of the State of Black Business Today

In November 2021, we distributed our second round of funding to a new cohort of 491 Black small business owners. We asked them how they used the CBBB grant, and we gained insights on the challenges and opportunities that lie ahead.

50% of the grantees saw an increase in sales revenue in the second half of 2021 after receiving the CBBB grant, compared to 33% of Black-owned businesses who did not receive a grant.

HOW DID YOU USE YOUR CBBB GRANT?

- Enhance marketing and advertising: 60.4%
- Cover payroll: 47.3%
- Pay monthly bills/utilities: 43.3%
- Expand/replace inventory: 41.5%
- Pay rent/lease: 33.5%
- Repay debt/loan: 12.4%
- Purchase PPE: 8.4%

A LOOK BACK AT 2021

65% of respondents believe 2021 has been better for their business than 2020. Compared to last year, many more grantees used their funds to support growth (increase marketing and staffing), instead of dealing with an emergency (pay bills/rent, repay loans).

OUTLOOK FOR THE FUTURE

88% of our 2021 grantees are very optimistic about the future of their businesses, compared with 71% of the 2020 grantees. 57% of the grantees want to get into the supply chains of larger companies to continue growing their business.

While Black small business owners are recovering from the impacts of 2020, long-term challenges remain. They want to grow their businesses and learn how to make them more resilient. The Coalition is committed to serving these needs to help Black-owned small businesses reach their goals and aspirations.
