

# WORK FORWARD

A U.S. Chamber of Commerce Foundation Production

**A forward-looking platform for people, ideas, and innovations transforming the way we work and do business.**

**JULY 11, 2016**

in Washington, D.C.

**This fast-paced, live multimedia program will explore:**

- How to create and retain the next generation of leaders
- How robots might improve telepresence and remote work
- The economic impact of bad meetings
- Will recruiters become extinct? Will the future of hiring be all digital?
- Can we work without email?
- What will the new jobs be?
- Co-working spaces and what some call the end of the office
- Are you a vacation martyr?

**More than 200 leaders in business and policy will convene to discuss the future of the modern American workplace and the human capital talent that drives its innovation.**

*WORK FORWARD* is a premium opportunity to align your brand and its senior leadership as thought leaders in the discussion of the future of work. Presenting sponsor benefits include:

- Top recognition as the launch sponsor of this recurring franchise on innovation and work
- High-visibility speaking opportunity to showcase your executives as driving the conversation
- Distribution of your company's proprietary research on the future of work.
- Live brand activation and visibility at event
- Evergreen, branded digital content to be co-promoted through the Foundation's communications vehicles and licensed for your company's use
- Invited guests of your company's choosing and dedicated table at event
- Substantial signage and promotion throughout the session
- Recognition during opening and closing remarks of the program
